

NATO's EASTERN FLANK DETERRENCE LINE

NATO ALLIED LAND COMMAND &
U.S. ARMY EUROPE AND AFRICA

MULTI-USE PLATFORMS

Systems that can fill multiple mission types: such as ISR, one-way attack, counter-UAS

MAXIMIZE UNCREWED SYSTEMS

Heavily use ground, air, and maritime unmanned systems to counter enemy mass and momentum

AFFORDABLE

Systems should be cheaper than the target it's engaging

AVAILABLE AT SCALE

Industry must be able to rapidly scale production in event of conflict

OPEN ARCHITECTURE

Systems should easily integrate into existing networks, weapon platforms, and sensors

NATO Allied Land Command & U.S. Army Europe and Africa

DETERRENCE CAPABILITIES
