Theater Outreach Overview

Outreach is a core public affairs effort and strategic initiative that strengthens alliances and underscores our commitment to regional stability by fostering connections between U.S. Army forces and host nation communities across two continents.

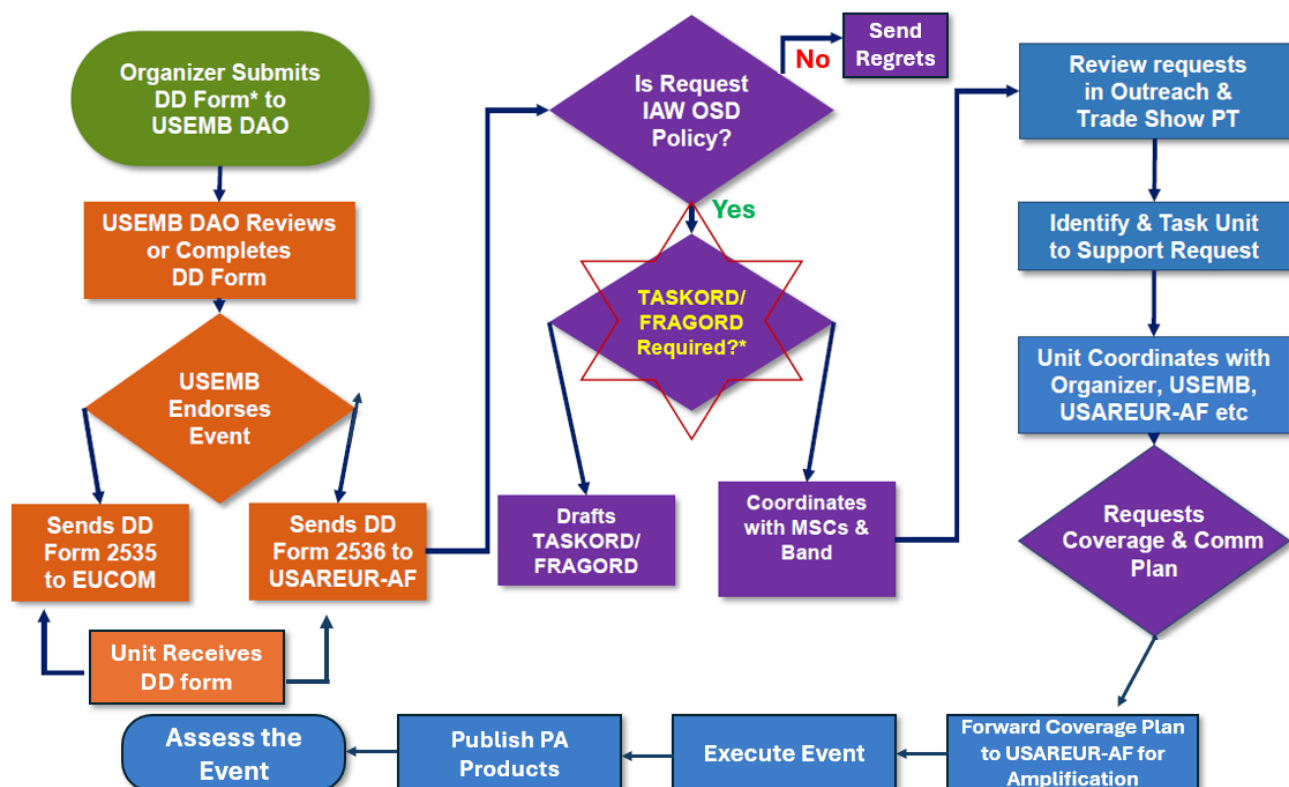

The USAREUR-AF Public Affairs Outreach Division provides guidance and interprets policy to ensure that all community engagement activities support overarching strategic and communication objectives.

Through a range of initiatives – such as flyovers, static equipment displays, ceremonial support and collaborative events with international stakeholders, theater outreach ensures that USAREUR-AF's strategic messages resonate effectively and foster trust and cooperation with local populations, allies, and partners.

Key Outreach Events
